

*The story of your Wedding in beautiful images.*

**C**ongratulations on your forthcoming marriage. Here is a quick introduction to our wedding photography services. There is flexibility in coverage and album styles. You are welcome to call or visit the studio to discuss your requirements.

### **Our Wedding photography service includes the following:**

You are invited to the studio before your wedding to discuss the day-plan and any personal preferences you have. There are also a few handy hints and tips we can share.

Large screen viewing in the comfort of the studio will give you a good feel for the images taken and a pleasant reminder of your wedding day. Time is allocated to discuss any album design.

All images are supplied colour managed and at full resolution along with your selected retouched images.

Photography, processing from RAW, colour correction and retouching is done by us so you know it's completed by someone who cares about the quality of the finished images.

### **Coverage**

Our standard coverage is from Groom's arrival through to family and friends at reception and a mock up of the Cake cutting. Cost - £545.00 - Speeches will be included if before the meal. Additionally choose 35 images for professional retouching.

*Upgrade your coverage to include:*

Bridal preparations - add £85.00 and choose an additional 10 images for retouching.

Late speeches and first dance - add £95.00, additional 15 images for retouching.

Bridal preparations, speeches and first Dance - add £175.00, additional 25 images for retouching.

Your wedding may require less photography than our standard service.

***No two weddings are the same - get in touch for a quote if you are planning a smaller more intimate wedding.***

## What next?

When you receive your beautiful finished images they are ready for printing. Consider using our printing service to produce excellent prints you would be delighted to put on display. Printed by someone who cares about the finished result.

For albums - most professional manufacturers now allow you to order directly from them. This allows you to design pages online to your precise liking using their online software. I can advise on services.

## Handmade albums

If you wish the photographer to design and order your album get in touch and we can go over options and costs. Example seamless double page spread album with custom designed pages printed directly onto photographic paper.

Please contact the studio for current prices or where to self design and purchase.

## Pre-wedding
